The KwaZulu-Natal Film Commission (KZN Film) is an entity established in terms of the KwaZulu-Natal Film Commission Act, 2010. The Commission has been set up with its main vision being to position KwaZulu-Natal as a globally competitive, diverse and sustainable industry and choice film destination.

Background

The KZN Film Commission aims to enhance the economy by providing and encouraging opportunities for persons, especially from disadvantaged communities to enter and participate in the film industry in the province. In so doing, it aims to contribute to an enabling environment to job creation. The Industry Skills Development (ISD) Programme under Marketing and Industry Development is designed to develop skills in KwaZulu Natal focussing on previously disadvantaged filmmakers across the value chain of film and television. ISD aims to extend its training and skills development by offering internships to its trainees with long-term productions in the province.
