

April 2023

The KwaZulu- Natal Film Commission's invitation for Development Funding project proposals.

Background

The KwaZulu-Natal Film Commission (KZNFILM) launched its Film Fund in July 2014. The Fund is for the production and development of television, feature films, short films, animation, and documentary content. The Film Fund also caters for Marketing and Distribution, Audience Development and Markets and Festivals.

The vision of the KZNFILM is to position KwaZulu-Natal as a globally competitive, diverse, and sustainable industry and choice film destination. The Film Fund is designed to stimulate the economy in the film and TV Industry and supporting industries. With the KZN industry being a distant third to Gauteng and Western Cape in terms of market size, it is important to grow the industry from within while attracting lucrative productions from outside the province.

Purpose

KZNFILM is inviting eligible KZN filmmakers to submit proposals to participate in the Development Funding Programme. Applicants are strongly encouraged to think outside the box and with style, genre, and cinematic theories. Interested persons may submit intellectually challenging concepts that dissect, challenge, and make sense of our society as the world shifts.

The Development Funding programme aims to give a voice to filmmakers as they put together their masterpiece, equipping them with creative expertise. We encourage applications from producers who have written, produced or worked in any capacity on student films or have limited production experience, i.e. internships or assistants or have directed student films.

Eligibility

- Preference will be given to females, youth (below the age of 35) and persons with disabilities.
- Applicants must be persons whose primary province of residence is KZN
